

KAEL SOUNDS

Lease – Non-Exclusive Beat Contract

LEASE NON-EXCLUSIVE: Also known as non-exclusive rights, purchasing a leasing license grants the customer limited artistic, commercial and legislative rights to the corresponding beat(s) for one single profitable commercial use (e.g. album, EP, single or mix-tape) on any physical or digital medium such as CDs, DVDs, Blu-ray Discs, LPs, Cassettes, USB-Sticks or digital sales (e.g. iTunes, Google-play, etc.) with a circulation of up to 2.000 sales units. Once Licensee has reached the allowed number of sales and any other limits concerning his license agreement, no more sales can be made after the sales cap is reached. Licensee expressly agrees to remove his song from any marketplaces, stores, etc. to avoid the song from being sold or monetized continuously. A leasing license (non-exclusive) comes as a mixed, tag-free, MP3-file and a contract / invoice, stating the rights of use and details of purchase. Leasing a beat does not make the licensee the sole owner of the beat, nor does it give the licensee any administrative rights to the beat concerning legal actions against other license owners or anyone using any of the compositions offered by Kael Sounds. The licensee is not allowed to get profitable radio-, video- or television-airplay or to perform the song on commercial profitable shows with a leasing rights license. For this purpose licensee must own exclusive rights to the beat, depending on which type of use he wants to market and distribute the song(s) over the beat(s). The licensor expressly forbids re-sale or any other distribution of the producer's compositions, either as they exist or any modification thereof. You (the licensee) cannot sell, loan, rent, lease, assign, remix, re-arrange, remove any melodies, instruments, drum programming or transfer all or any of the products sold or the corresponding rights to another person or third party (example – Record Label, another production company, another producer, another artist), or for use in any competitive product. The licensee understands that the licensor maintains 100 copyright and ownership of the original instrumental composition. Licensee cannot use any beat compositions as background element in TV, Film and DVD computer game projects without obtaining written consent and a separate license agreement. Licensee must include on all productions and products the producer's name (Kael Sounds). Licensee agrees to display the producer's name in all physical media or within web presentation of a portion (e.g. pre-listening) or sum of the original instrumental composition that is being licensed in this agreement. Including but not limited to CD's, CD covers, Cassette tapes, LP's, Cards, etc. (Example credits: 'Instrumental Prod. By Kael Sounds)' or 'Music Produced by Kael Sounds (kaelsounds.com)' ... Music © 2015 All rights reserved. Used under license. Any displayed or downloadable MP3 files must include 'Beat by Kael Sounds' within the file name. -----

CREDIT AGREEMENT: Credit must always be given to 'Kael Sounds' in written form, for example 'Beat by Kael Sounds (kaelsounds.com)'. By making a purchase of any kind or downloading demo beats, tagged beats, etc. or any similar content, the customer declares that he will give credit to the producer where possible in a written form (cd cover booklet, song or video descriptions, YouTube videos, file-

names, mixtapes, albums, singles, remixes, social network pages such as Facebook, music sites such as soundcloud, reverbnation, etc.). Proper credit is given as follows: (Example credits: 'Beat Prod. By Kael Sounds' or 'Beat by Kael Sounds (kaelsounds.com)' ... Music © 2015 All rights reserved. Used under license. Any displayed or downloadable files such as mp3s, wav files, etc. must include 'Beat by Kael Sounds' within the file name. -----

PUBLIC PERFORMANCES: All the beats are registered under the PRO (Performance Right Organization) in which Kael Sounds is affiliated, therefore, all public performances mentioned, on which appears the licensed beat will be paid and credited to Kael Sounds by their corresponding PRO. (Shows, Videos, Streams, Radio and TV airplay) – Public performances are 'live shows', 'live video streams', 'videos', 'audio streams', 'radio airplay', TV airplay' and 'film music' either as just music (standalone) or music in a movie, TV or video-commercial, spot, etc. Non-profitable live performances or public performances (non-profitable live shows, non-profitable video streams, Non-profitable audio streams) are allowed for any license type, without limitation in amount of performances. Profitable performances are only allowed with premium leasing rights, extended premium leasing rights, professional leasing rights and/or exclusive rights. See appropriate specific license description and terms. The only license allowing unlimited public performances of any kind, is exclusive rights. TV- and radio-airplay or streams are only allowed for professional leasing rights and/or exclusive rights. All profitable public performances as well as allowed sales units, if applicable for license type, are royalty-free, this means licensee keeps 100 earnings profits made. -----

YOUTUBE VIDEOS (Content ID): The licensor maintains the unlimited, worldwide rights to register his beat-compositions with a content-ID program institution such as AdRev, etc. (if you have questions about content ID or AdRev, please Google 'Content ID' and 'AdRev') and be the sole administrator of YouTube rights using such a content ID program. This is necessary and entitles licensor to maintain the administrative and legislative rights to the beat-composition, in order to be able to ensure non-exclusive and exclusive license owners administrative guidance and license-warranties. The main purpose is to stop people from stealing beats and using monetizing them in videos without owning a license. What AdRev does is scan YouTube videos for audio material produced by Kael Sounds and automatically sends a copyright claim, which blocks your videos from monetization temporarily. Don't worry! This claim is more a notification and will NOT harm your channel or video, nor does it force you to take down the video(s), the only thing it does, is disable the monetization option temporarily. Your video will keep playing without any other limitations. Anyone using free downloads and tagged demo downloads in videos on YouTube can ignore this copyright notification as it doesn't stop your video from playing and monetization wouldn't be allowed for non-licensed beats at all. This is the exact message you might receive: Due to a copyright claim, you are no longer monetizing the following YouTube video. It is still playable on YouTube, but the copyright owner could choose to show ads on it. It may therefore be possible that you receive a copyright claim on YouTube videos, even if you own a license. As listed above, please follow the instructions written in bold! Using a content ID

program is the only way we can assure that only people with an appropriate beat-license are monetizing their videos rightfully and legally on YouTube. It also protects your videos from receiving fraudulent claims by third parties that claim to own the administrative rights to the beats. If you have any questions concerning this issue, feel free to contact us anytime via email and we will respond in 24 business hours. -

Therefore all beats sold exclusively may stay on the webpage or any websites and marketplaces they were offered, if licensor decides to. Download and license purchase options to exclusively sold beats (exclusive rights) will be removed and the beat will be marked as 'sold' and become unavailable for any form of future licensing. Customer(s) Licensee(s) may edit / alter the length of a beat, mixing mastering of a beat (use of effects, change of volumes levels, etc.), and general modifications, such as structure of instrumentation (separate tracklines), as they see fit, as long as they own a license to the beat and do not change the sound-structure of the beat itself, so that the beat becomes unrecognizable. It is also not allowed to use any parts, melodies, instruments, sounds, drum arrangements, etc. of the original instrumental composition for use in other compositions in a competitive product without written consent and licensor's approval. Remixes using any material of the original beat composition, or musical versions covering the original beat composition, played with live instruments (orchestra, band, etc.) are only allowed for professional leasing rights license owners (non-profitable use or as defined in their public performance rights specifications) or for exclusive rights license owners (unlimited profitable use), in both cases only with written consent or a verbal agreement and licensor's approval.
